PROJECTS

Developed a diverse portfolio of websites and web applications showcasing strong HTML, CSS, JavaScript, and Bootstrap skills. The projects encompassed static websites for tourism, conferences, and podcasts. Dynamic applications such as to-do lists were created.

E-commerce website

Created an interactive E-Commerce platform enabling users to browse diverse product offerings, access detailed product descriptions, and contact us seamlessly. Employed HTML, CSS, and Bootstrap to architect responsive web pages, integrating dynamic features such as product videos through Bootstrap embeds and highlighting promotional content via Bootstrap carousels.

WORK EXPERIENCE

Full stack web Development trainee at Tap Academy, Bangalore

Actively worked on real-world projects to apply programming and build practical web applications and also on database integration.

Coordinated and led the Programmers Club at college, organizing workshops, and events and fostering a collaborative learning environment for members.

Led final-year project team, oversaw planning and ensured timely project delivery.
